VISION, VALUES & MISSION

THE CHRISTIAN STORY

The Christian story forms the foundation of our world view, Western society and many global institutions. It provides the perspective from which we view the world and our role within it. This world view is formed through an understanding of the centrality of Christ as revealed through the Bible, theology, history and culture. We believe this is crucial to students of all vocations in society. It provides the foundation for building a changed community.

We believe that the Christian story results in the freedom of both individuals and communities. While we are committed to developing a Christian world view, we also seek to understand alternative world views and show appreciation for the perspectives of others.

CHANGE THE WORLD

Alphacrucis is a catalyst for change. We believe that education based on a Christian world view should produce more than information; it should produce a transformation of the whole person. We must be changed by the educational experience to live a life of purpose and consequence. For this reason, personal growth and discipleship are key areas of focus at Alphacrucis. This includes the ability to nurture healthy relationships and foster a dynamic spirituality that leads to a transformative and engaged Christianity.

While individual change is a private matter and an individual journey, it can impact the public realm. As students are changed, their life takes on broader concern for the community, social justice and the environment.

COMMUNITY TRANSFORMATION

We believe in connecting people to the Christian story to find their place in the transformation of our world. We are part of a larger narrative that encompasses people of faith from all generations. Yet we live in a new time with new challenges. We provide an environment for creative ideas and solutions to the questions of our time. Alphacrucis is a place for innovators – for people who dare to challenge the status quo and create better alternatives for the future.

While we provide programs and course units in social engagement, we have a broader vision. Our vision is to see graduates outworking their faith in ways that promote justice, ethical living, grace and hope in our global community. We are a place for people who want to live a life of purpose and consequence that engages their community and transforms our world.

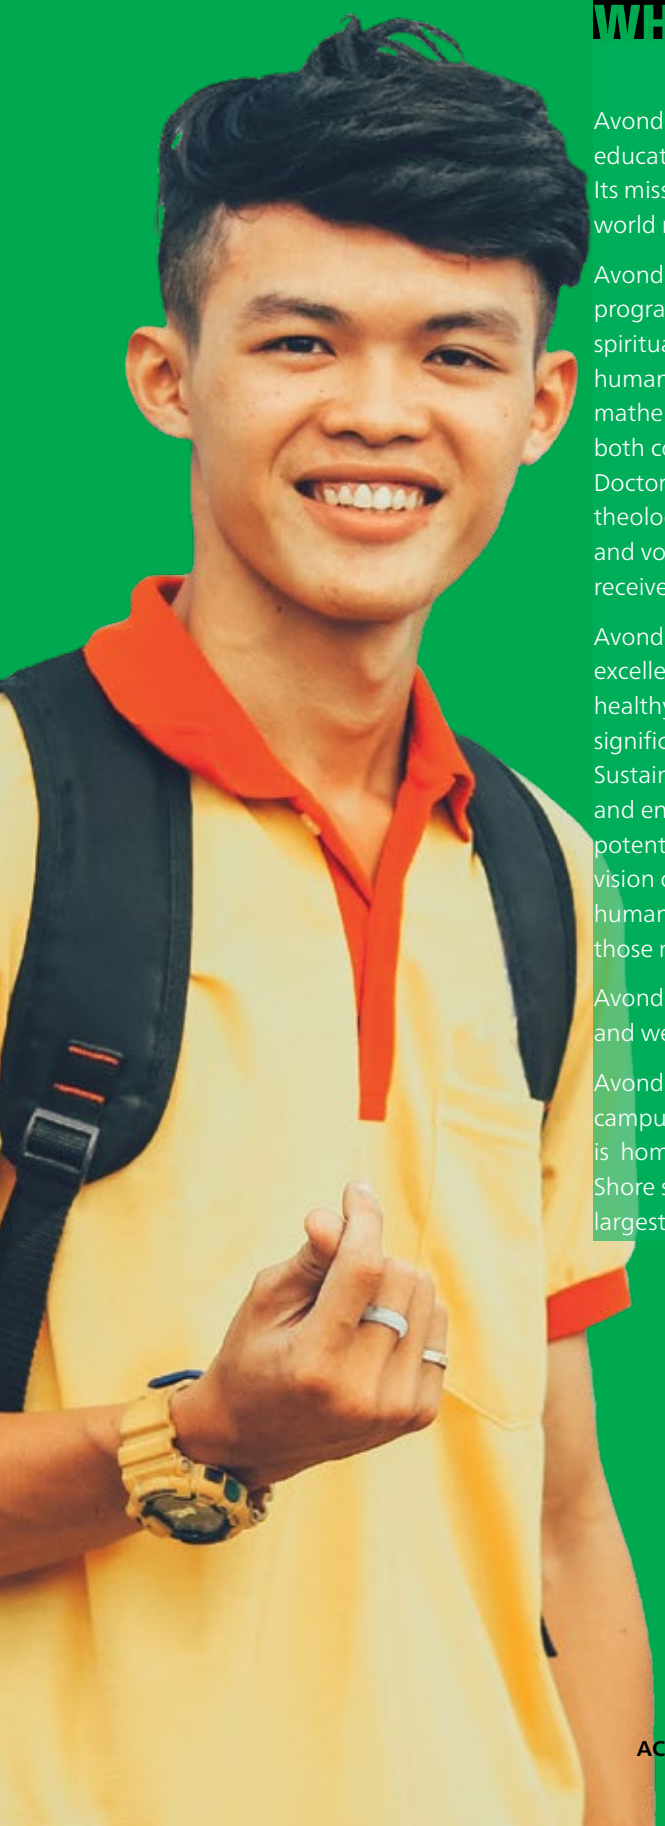
Avondale UNIVERSITY



WHO WE ARE

Avondale University of Higher Education is a not-for-profit private higher education provider established by the Seventh-day Adventist Church in 1897. Its mission is to foster a Christian learning community dedicated to serving world needs.

Avondale's undergraduate, postgraduate and vocational courses and programs seek to develop the whole person – mental, physical, social and spiritual. Higher education courses include undergraduate degrees in humanities and the creative arts, business, education, nursing, science and mathematics, and ministry and theology. Postgraduate master degrees, by both coursework and research, are available in many of the same areas. Doctoral degrees are available in education, arts, nursing, and ministry and theology. Avondale also offers a higher education Diploma of General Studies and vocational awards in outdoor recreation. All courses of study have received national accreditation.

Avondale accepts the challenge of learning and discovery, of striving for excellence, and of fostering creativity that blends individuality, wisdom and healthy self-evaluation. It values spirituality and believes nothing is of greater significance than each person's relationship to God as Creator, Redeemer, and Sustainer. Avondale also values the sustainability of the earth and its people and encourages members of its learning community to realise their full potential and to live full and joyful lives. Avondale's motto, 'For a greater vision of world needs', leads to a more informed understanding of humanitarian needs and responses and to a greater commitment to fulfilling those needs.

Avondale is an entity of the Seventh-day Adventist Church in the South Pacific and welcomes a growing number of students of other faith traditions.

Avondale has two campuses, both in New South Wales. The Lake Macquarie campus is in a rural setting in the town of Cooranbong. The Sydney campus is home to the Discipline of Nursing and Health, and is located in the North Shore suburb of Wahroonga, adjacent to the Sydney Adventist Hospital, the largest single campus private hospital in the state.

CHC
CHRISTIAN HERITAGE COLLEGE

WHO WE ARE

Christian Heritage College (CHC) is a fully accredited private higher education provider located at Carindale, Brisbane, that aspires to model a Christian higher education alternative. Commencing from a vision birthed by Order of Australia recipient, Emeritus Professor Brian Millis, in 1986, CHC exists to re-imagine how we think about human flourishing, vocation, calling and the integration of faith and learning across all fields of human endeavour.

At CHC, we passionately believe that to educate – stemming from the root word, educe, 'to draw out' – requires a process of formation and holistic development. CHC courses are therefore not just about gaining a degree or a specific skill set for future employment (as important as these are) but, rather, the development of whole persons. Arthur Holmes once contended: 'The question to ask about education is not "What can I do with it?" but rather "What is it doing to me – as a person?"' Education – good higher education – has to do with the making of persons.

CHC specialises in courses that are people shaping and people making. Our courses celebrate people-making principles and are taught by an exceptional staff who integrate faith-learning imperatives in all that they do. With over 25 courses across five major fields – Business, Education and Humanities, Liberal Arts, Social Sciences, and Ministries – CHC provides a Christian alternative for students seeking a tertiary-level qualification. Whilst our courses are taught from a Christian perspective, we welcome students from all backgrounds and traditions.

Our alumni are found in professions across the globe and some are best-practice leaders in their chosen fields. We invite you to join over 2,500 graduates and experience the CHC difference. Please feel welcome to visit the campus and meet our friendly staff and students. You will be surprised by the advantages offered by affordable, private, Christian higher education that seeks to transform students to transform their world.

VISION, VALUES & MISSION

SEEKING TRUTH

CHC seeks to kindle a love of truth in every student and in every academic discipline. Faith calls us to seek understanding through learning, teaching, scholarship, and a rich cultivation of the life of the mind for the common good.

FOUNDED ON GOD'S WORD

CHC is committed to Scripture as the ultimate foundation of Christian life, thought, and social engagement. Our college community builds on this foundation as we seek to integrate faith, learning, and service for the common good.

CENTRED ON CHRIST

CHC is committed to the person of Jesus Christ, who reveals both God's nature and the image of restored humanity. Our college community seeks to embody the pattern of Jesus' life, death, and resurrection through worship, service, and mission for the common good.

CULTIVATING COMMUNITY

CHC celebrates the rich diversity of human beings as unique bearers of God's image. Through a sharing of diverse gifts and graces, our college community seeks to cultivate human flourishing for the sake of the common good.

VISION AND VALUES

CHC seeks to be a leading Christian provider of higher education excelling in the provision of high quality learning experiences within a learning environment informed by biblical Christian values and beliefs, and the developing of sought-after graduates who understand what it means to live and work with Christian world view perspectives.

CHC was founded in 1986 by the International Network of Churches (INC), formerly known as Christian Outreach Centre, and was a vision birthed by Order of Australia recipient Emeritus Professor Brian Millis, who sought to re-imagine how people think about human flourishing, vocation, calling and the integration of faith and learning across a range of disciplines and fields of study.

VALUES

Faith

Eastern College is committed to Christ-centred, biblically-based, character-forming and gift-affirming faith expressed in vocational living, supportive community, service to others and connection to the Church.

Reason

Eastern College is committed to the pursuit of knowledge and truth that integrates theory and practice, and values academic excellence, the importance of the mind and lifelong learning.

Justice

Eastern College is committed to act justly in all human relationships, to exercise responsible care and stewardship of God's creation, and to seek the just transformation of our world.

Eastern takes you on a journey where your faith meets your vocation. Here are some distinctives about studying at Eastern:

Community. At Eastern we deeply value relationships and people. Whether you're studying a certificate online, studying part-time or full-time, local or internationally, we value you as part of our community. At Eastern you will experience a relaxed culture and not only develop academically and spiritually but also have the opportunity to meet wonderful individuals from all walks of life, inspiring leaders, and people with the same heart. You will develop close friendships that will remain with you throughout your life.

Partnership. A unique strength of Eastern is our partnership with Melbourne School of Theology (MST). We share the same campus in Wantirna and though we are two colleges we create one community. This partnership also provides an extensive selection of electives that you may be able to take. MST's offerings include subjects in the areas of: theology, biblical studies, leadership, spiritual formation, pastoral care, and cross-cultural missions.

Student life. There are plenty of opportunities to enrich your student journey through the many College activities and events that occur during the year. This includes weekly student meals, academic conferences, public talks, collectives (interest groups), prayer and worship nights, student-led mission fundraisers and College gatherings. Our gatherings are held twice a week, and are a valuable time for the whole college to stop and worship together, hear from the Word of God and spend time in community.

Opportunities to serve. Learning which occurs outside of the classroom is immensely important for holistic development and as part of the wider Church we encourage our student body to follow in Jesus' footsteps in serving others. At Eastern, students have the wonderful opportunity to serve God's kingdom through mission trips locally and internationally through our Outbound projects. Students can also serve on campus in many ways through our community initiatives, worship leading, and serving in our Student Leadership Team.

Flexibility. We want to make study as accessible as possible, so our family-friendly class timetable accommodates for school times, 9:30am–3:00pm. Many courses also make use of intensives and night classes to cater for those balancing work and study.

Small classes. In our tight-knit classes you will receive quality teaching and be able to build a deep rapport with your lecturers and classmates in a safe and relaxed environment.

Student support. Your wellbeing is paramount and student welfare is taken seriously here. Our course coordinators, staff and faculty are all there to support you throughout your studies. From our student chaplaincy to our library services, we are here to help.

MORLING COLLEGE

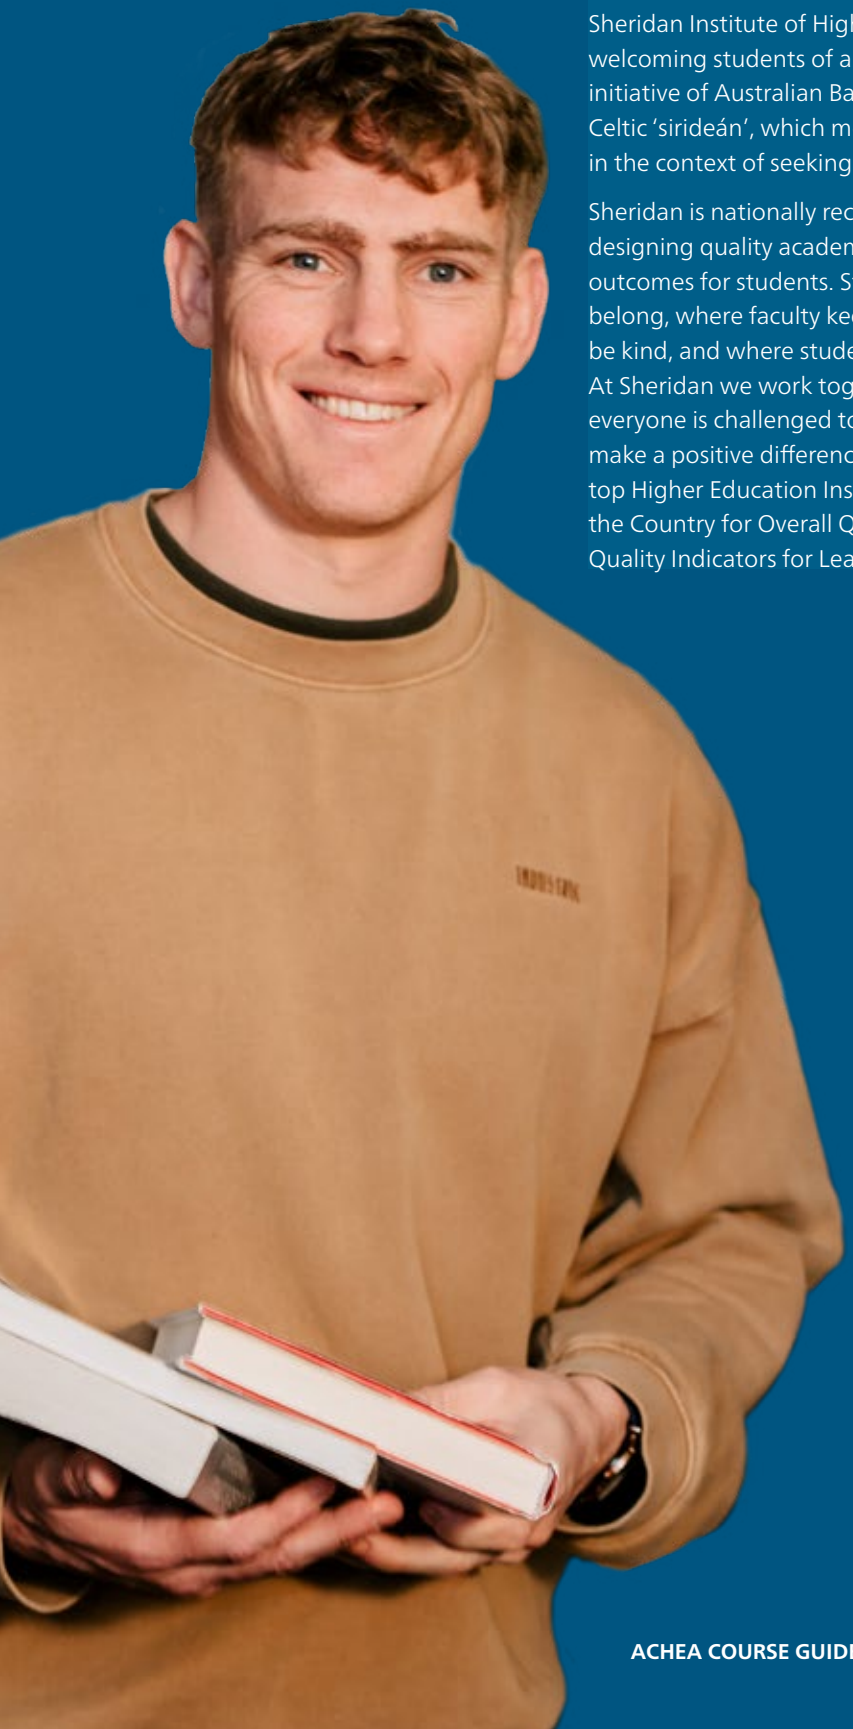
SHERIDAN
INSTITUTE OF HIGHER EDUCATION

WHO WE ARE



Sheridan Institute of Higher Education is a Baptist higher education provider welcoming students of all backgrounds, faiths, and cultures. Sheridan, an initiative of Australian Baptist Education Inc (ABE), was named from the Celtic 'sirideán', which means 'seeker' or 'searcher', and was frequently used in the context of seeking truth or wisdom.

Sheridan is nationally recognised for recruiting quality academic staff and for designing quality academic programs that deliver quality higher education outcomes for students. Students have found Sheridan to be a place to belong, where faculty keep their pledge to encourage, to be honest and to be kind, and where students have in turn offered these gifts to one another. At Sheridan we work together to create a rich learning community where everyone is challenged to think deeply, to share and critique ideas, and to make a positive difference in this world. Sheridan is Western Australia's top Higher Education Institution for Teaching Quality, and 3rd Provider in the Country for Overall Quality of Educational Experience, according to the Quality Indicators for Learning and Teaching (qilt.edu.au).

SHERIDAN
INSTITUTE OF HIGHER EDUCATION

VISION, VALUES & MISSION

CORE PURPOSE:

To offer higher education to those who are seeking to live an extraordinary life. To this end, Sheridan Institute of Higher Education will inspire its students to love truth, seek wisdom, embrace innovation and be instruments of peace in the world.

VALUES:

In interpreting its responsibility to faithfully fulfil its mission, Sheridan Institute of Higher Education upholds the following values.

Adding value to society

Sheridan aims to enrich the broader community through (1) innovative education, scholarship and research that advances knowledge and produces graduates who will be faithful stewards of the world's resources, (2) a presentation of the Christian message which provides an opportunity for students to be reconciled with their Creator, and (3) modelling a community that images God's infinite, unconditional love.

Nurturing and cherishing Christian educators

Sheridan recognises that Christian educators are the most important resource of a Baptist educational institution. Sheridan invites committed Christian scholars into an intellectual community that shares those beliefs common to evangelical Christian denominations. One of the reasons Sheridan has been established is to serve as an authentic platform for Christian scholars to engage in lines of intellectual inquiry grounded in the Christian faith. Sheridan is committed to preserving its evangelical Christian ethos by recruiting Christian educators and satisfactorily providing for their personal and professional wellbeing.

Protecting freedoms

Early Baptists were fierce advocates for religious liberty and freedom of conscience. Reflecting this rich heritage, Sheridan promotes the political, economic, social, religious and academic freedoms enjoyed by both women and men in democratic societies. Sheridan understands the historical emergence of these freedoms and the quality of life that has resulted from them to be a work of common grace, and a precious, if incomplete, picture of the true reality of freedom that is found in Christ.

Serving with integrity

Sheridan promotes the principles of servant leadership at Sheridan, emphasising the importance of humility and personal integrity in all Sheridan's activities and interactions.

Practising hospitality

Sheridan practises and upholds the Christian virtue of hospitality. Sheridan will maintain low barriers to entry, including low tuition fees and open enrolment, and will provide a safe physical and social environment for expressing personal convictions and for studying, researching and discussing ideas without fear of personal abuse or discrimination.

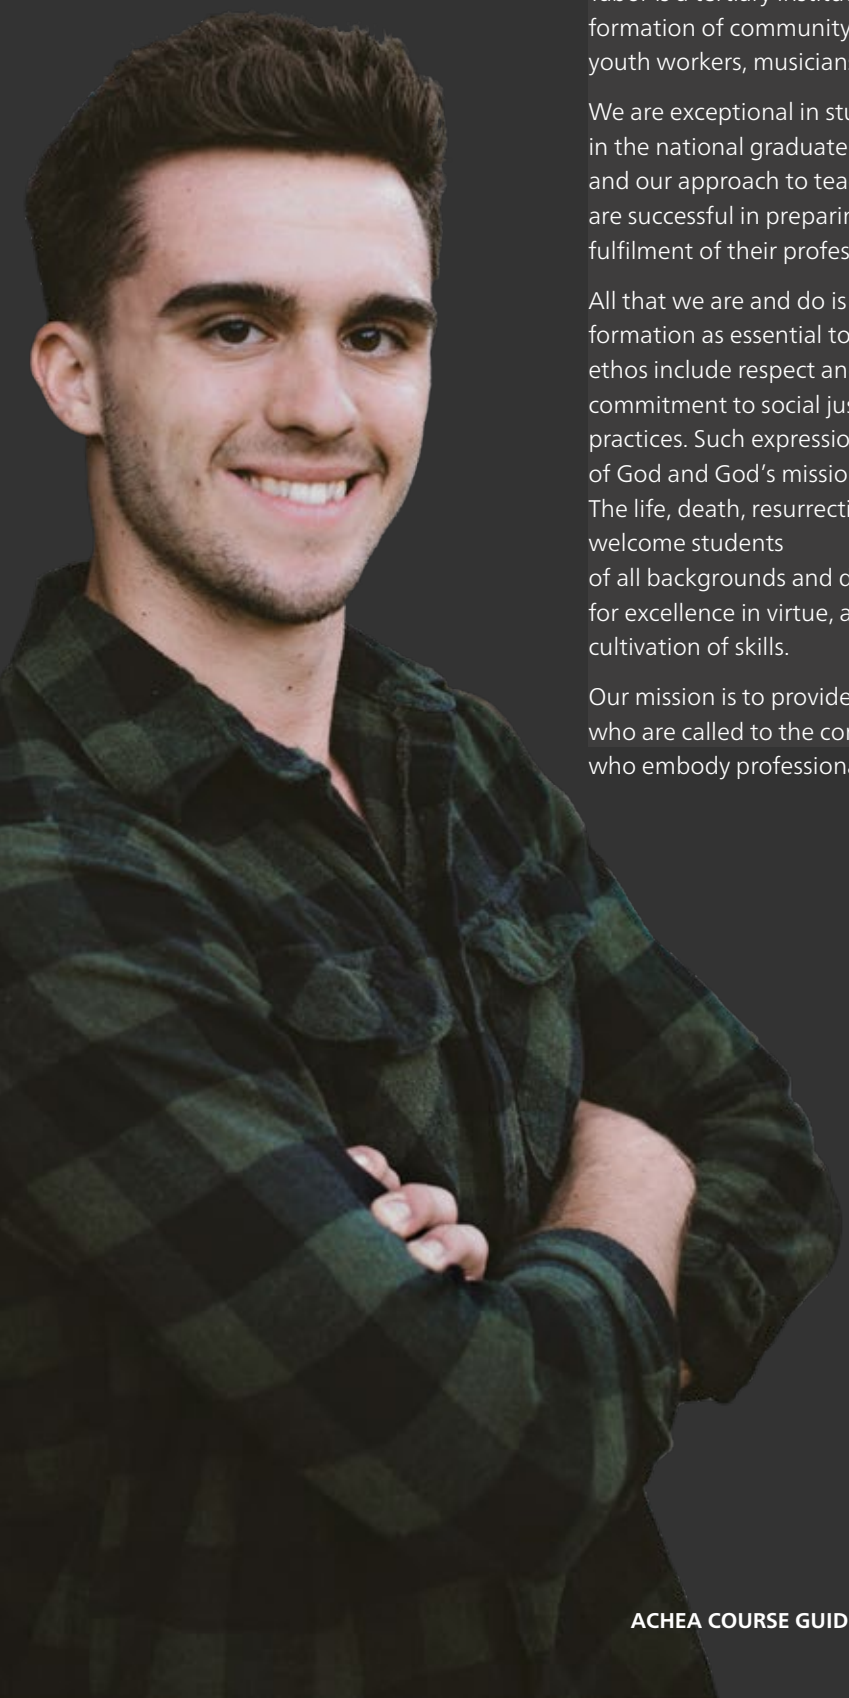
TABOR



WHO WE ARE

Tabor is a tertiary institution with particular expertise in the education and formation of community professionals such as pastors, teachers, counsellors, youth workers, musicians, creative communicators and intercultural workers.

We are exceptional in student engagement, scoring a 92.4% positive rating in the national graduate satisfaction survey. At Tabor, we learn in community and our approach to teaching is personal, interactive and relational. We are successful in preparing our students to take concrete steps towards the fulfilment of their professional goals.

All that we are and do is infused by a Christian ethos that recognises spiritual formation as essential to flourishing in life and work. The values of this ethos include respect and care for the individual, a disposition of hope, a commitment to social justice and equality, and environmentally responsible practices. Such expressions of practical care emerge from a biblical vision of God and God's mission – the restoration and reconciliation of all things. The life, death, resurrection and teachings of Jesus are central to this. We welcome students
of all backgrounds and dispositions into a community of learning that strives for excellence in virtue, as well as in the pursuit of knowledge and the cultivation of skills.

Our mission is to provide a transformative educational experience for those who are called to the community professions. We aim to produce graduates who embody professional excellence and the values of the Christian ethos.

VISION, VALUES & MISSION

VISION – WHAT WE SEE:

We see Tabor as a Christian tertiary institute recognised globally for its excellent scholarship and passionate commitment to faith, knowledge and God's mission in the world.

MISSION – WHAT WE DO:

We sustain high quality, tertiary education through a supportive, multidisciplinary and accessible Christian learning community which nurtures academic excellence, professional competence and dedicated service to local and global communities.

VALUES – OUR FAITH VALUES:

Tabor is a multidenominational College which upholds Christian orthodoxy as expressed in the Nicene Creed. We value and respect the vitality of Pentecostal and Charismatic expressions of faith, the biblical focus of Evangelical Christians and the distilled learning of the wider Church. Our community life is shaped by the following theological emphases:

Christ-centred: Jesus Christ is the centre of our faith. His life and teaching, death, resurrection and ascension declare Him to be Lord and Saviour and most fully reveal to us the nature and purpose of God.

Spiritually empowered: We look to the empowering presence of God the Holy Spirit to renew, direct and shape our individual lives and the corporate life of the Tabor learning community.

Trinitarian community: The Christian experience of God as Father, Son and Holy Spirit enriches our community with the self-giving love of the Triune God.

Biblically based: We look to the Bible as the inspired word of God, true and reliable in all that it affirms and authoritative for matters of Christian faith, life and ministry.

Respect and care for the individual: We affirm that every individual is created in the image of God and therefore has a God-given worth and dignity which demand our respect and care.

Worship as foundational: We affirm corporate worship as a joy and a service we owe to ourselves and each other as we seek to uphold and nurture the shared faith that underpins our learning community.

The priority of God's mission: The love of Christ compels us to be active in both evangelism and social concern; together, these express the power of the gospel to overcome evil with grace.

The reality of hope: The resurrection of Jesus, the gift of the Spirit, and the community of the Church collectively fill us with the hope of a renewed Creation and an unhindered relationship with God. We live in faith and love now because we are a people of hope.
