- (b) Ultimately, it is up to individual staff to recognise the professional and ethical dimensions of their work, and to give proper attention to the values which should form their actions and decisions. All employees of the College are accountable for the effective education and appropriate care of College students, for promoting positive relationships with colleagues, and for the efficient use of College resources.

It is the responsibility of the College to foster such an atmosphere and to provide guidance and personal and professional development regarding conduct.
